

RE: Construction Network Incorporated

www.facmgmt.astate.edu

Jonesboro, Arkansas

To Whom It May Concern:

Over the last several years Construction Network Incorporated has been involved in a variety of construction projects on the ASU Campus, running the gamut from building expansions and renovations to new construction. Projects have included expansions to office complexes as well as new construction of athletic, academic and support facilities.

CNI has consistently provided quality work well within time frames established. Their attention to detail is outstanding and they are always responsive to the needs and requests of the Owner.

Please accept this letter as our recommendation of this company for general construction projects.

Sincerely,

David T. Carty, Construction Coordinator
ARKANSAS STATE UNIVERSITY
